The BBRacers Club was developed in 1996 for youth to encourage participation in school fitness programs and create a life-long commitment to health and fitness. This program gives students the opportunity to meet challenges, work towards goals, and feel a sense of pride in their school and individual accomplishments. BBRacers Club gets elementary and middle school students, their teachers/coaches and families excited about fitness by training for the BOLDERBoulder using fun activities as well as running/walking workouts. Guidance, support, and rewards are provided by the BOLDERBoulder to students, families, and schools throughout the program, culminating in the completion of the BOLDERBoulder 10K Race. In addition, schools compete for two awards in their division: fastest school and highest participation.

When: Tuesday and Thursday starting March 28th.
Time: 4:00 - 5:00
Cost: $100 plus registration fee for Bolder Boulder
