To promote transparency and open communication with the community, employees and other stakeholders, the Board of Trustees of the Mountain View Whisman School District has asked its team to provide accurate, factual and timely updates about its negotiations with the Mountain View Educators Association soon after each session.

This is the District’s first Negotiations News regarding 2019-2020 bargaining.

**First Session— May 14, 2019**

The teams met earlier this week at the District Office.

The teams will be negotiating what’s called a successor agreement to replace the current collective bargaining agreement that expires on June 30, 2019. The teams will be negotiating substantive and “cleanup” changes to a number of different articles.

**Team Introductions**

The session began with welcomes and team introductions. There are a number of new members on each team.

**District to Regularly Communicate with Stakeholders about Negotiations**

The District team shared that it will continue to publish factual written updates soon after each negotiations session. The updates will be shared with employees, community members and other interested individuals, and posted on the District’s website soon after each session.
