Stage 2- Assessment Evidence

[A Summative Assessment] includes the opportunity for students to produce one extended project that uses research to address a significant topic, problem, or issue. This entails gathering and integrating relevant information from several additional literary or informational texts in various media or formats on a particular topic or question drawn from one or more texts from the module, taking notes, and categorizing information as well as providing a list of sources. Students can present their findings in a variety of informal and more formal argumentative or explanatory contexts, either in writing or orally. - www.parcconline.org

SUMMATIVE ASSESSMENT:

Overview: When reading novels, authors provide details about the main character through descriptive sentences, events that directly involve the character, and what other characters think and say about the main character. To show what students know about the main character in a novel that they are reading, they will create a digital scrapbook for that person. The scrapbook must include at minimum:

Cover: The cover should include the character's name, the title of the book, the author's name, and your name.

Journal Entry #1: A summary from the main character's perspective.

Pictures/Photographs: Images that reflect events important to the main character. Include a caption for each that explains why it was included.

Letters: One letter from the main character to a secondary character about a problem in the story. A second letter for the secondary character's likely response.

Souvenirs/Mementos: At least three objects that reflect events in the story or important aspects of the main character. Include an explanation for each.

Journal Entry #2: An entry from the main character's diary that shows growth over time.

Stage 2 - Assessment Evidence

A Summative Assessment includes the opportunity for students to produce one extended project that uses research to address a significant topic, problem, or issue. This entails gathering and integrating relevant information from several additional literary or informational texts in various media or formats on a particular topic or question drawn from one or more texts from the module, taking notes, and categorizing information as well as providing a list of sources. Students can present their findings in a variety of informal and more formal argumentative or explanatory contexts, either in writing or orally. - www.parcconline.org

SUMMATIVE ASSESSMENT:

**Overview: Two-voice Poem:** A two-voice poem is a poem written in two columns, where two different points of view/perspectives are explored, in a dialogue format. The purpose of a two-voice poem is to show the different perspectives as well as the similarities of two sides. These poems are meant to be read out loud, in pairs, where the voices alternate/take turns to show the different perspectives and speak in unison to show the similarities.

**Project:** Compose a two-voice poem representing the perspectives of two immigrants. Your poem will reflect your understanding of informational text, text structure, voice, point of view, and the impact of culture. Process:

- One partner will write/speak as an immigrant from one country and one from another.
- Research information about their culture, background, and where they are from.
- You will both speak the lines that represent the similarities between the two; these lines should be feelings, emotions, actions, facts, etc. that would make sense for both sides to feel/say.
- Your poem must contain a minimum of 2 lines of dialogue and 1 line of dialogue in common in each section and an explanation of why the common dialogue is appropriate for both characters.

Stage 2 - Assessment Evidence

[A Summative Assessment] includes the opportunity for students to produce one extended project that uses research to address a significant topic, problem, or issue. This entails gathering and integrating relevant information from several additional literary or informational texts in various media or formats on a particular topic or question drawn from one or more texts from the module, taking notes, and categorizing information as well as providing a list of sources. Students can present their findings in a variety of informal and more formal argumentative or explanatory contexts, either in writing or orally. - www.parcconline.org

SUMMATIVE ASSESSMENT:

**Overview:** Reflect on Unit III and pick a soundtrack based on the themes and facts of the unit. Your CD cover should reflect your soundtrack. Explain in writing why you selected each song and the symbolic choices on your CD cover.

- RL.6.9. Compare, contrast and reflect on (e.g. practical knowledge, historical/cultural context, and background knowledge) texts in different forms or genres (e.g., stories and poems; historical novels and fantasy stories) in terms of their approaches to similar themes and topics.
- RL.6.10. By the end of the year read and comprehend literature, including stories, dramas, and poems at grade level text-complexity or above, scaffolding as needed.

#### Reading Informational

Students can present their findings in a variety of informal and more formal argumentative or explanatory contexts, either in writing or orally. - www.parcconline.org

**SUMMATIVE ASSESSMENT:**

**Overview:** Students will read nonfiction books, encyclopedia articles, and websites on their subject and use these reference sources to collect information. They should locate information concerning their subject's date of birth, childhood, family, education, accomplishments, adult life, and date of death, which they record on the biography research outline. (this part is done at school). Students will use the information from their research reports to write a 1 minute speech. They will be speaking as if they were this person so their statements will be “I” statements. Follow the same format as the outline to help plan the speech. The final culminating presentation will result in a Living Wax Museum.

**Project steps:**
- Choose a famous person.
- Use research notes to record information.
- Write a 1 minute speech based on your notes
- Dress in costume to portray your subject, including the use of a prop. This costume should accurately convey information about the subject and the time period in which they lived.
- Construct a poster with their person’s name and pictures.
