- Planning/Property Management Update - No Discussion
- Communications Update - No Discussion
- Construction Management Update: Status Reports, Schedule Updates - No Discussion

Action/Decisions
- No actions were requested or direction provided by the CAAC at this meeting.

Fletcher Miller Presentation - Slide Presentation Presenters: Matt Palaoro and Julie Osborne

- Tour
- Presentation was given to the BOE in March to explain the design requirements that would best serve the needs of the students.
- The school has approximately 100 students and 80 staff members. The new design could allow for up to 150 students.
  - New design is estimated at 66,000 sq. ft.
  - Staff ratio is 2:1 or 3:2
- Fletcher Miller has unique student facility and programming needs.
  - Partnerships with the school, vendors and community is a very important part of the school.
- Three options to be presented to the BOE:
  - Construction of a new building at existing site.
    - Best option but likely to be the most costly.
  - Renovation and expansion of existing building.
    - This option would most likely be the most disruptive to students.
  - Renovation at another district building.
    - Centrally located within the district.
    - Likely to include an addition
- CAAC will be presented with detailed information on all options along with cost analysis. CAAC will make recommendation at the June or August meeting.

Next Meeting
April 20, 2023 | 8:00-10:00 am | 809 Quail Street, Bldg. 4, Lakewood, CO 80215
