**Bids**

- March – Alameda Jr./Sr. HVAC; Warren Tech Central
- April – Trailblazer; Jeffco Stadium ADA Improvements
- May – Fletcher Miller School

- Pomona change order is on the consent agenda, the work will be funded by Food and Nutrition Services.
- District teams are working on boundary studies in and around the sites where the two new schools were proposed to determine if there is a need for new schools or additions to existing buildings.
- After summer 2024 all renovations and additions will be complete. There will only be FF&E projects remaining in the CIP.

Work In Progress Update – *Slide Presentation* Presenter: Berry Jones

- Fletcher Miller is currently in design development, there will be a presentation to the BoE in May.
  - The replacement Fletcher Miller submitted a BEST grant application Feb. 5. The grant process is very competitive, grants are awarded in May.
Currently the JTS and Lighthouse programs are housed in temp buildings. With the new design both programs will be placed in the new building.

The Planetarium will be demolished to accommodate the new school.

- All athletic field lighting material will be delivered by the end of April. Xcel is working on the design, if power not complete the lights will be able to be powered by generator. Three electrical contractors will be doing the work.
  - The Athletic Directors and communications team are working with the communities on any concerns.

**Meyers Pool Update** – Work continues, pool being installed and exterior walls complete. Estimated completion date September 2024.

**By-Laws – Presenter: Jeff Gatlin**

The majority of the current CAAC By-Laws speaks to the 2018 bond. How long should that language stay? In alliance with GP-07, the committee needs to think about the frequencies and types of reports that are presented to the BoE.

With the bond coming to an end, should the CAAC meetings be quarterly?

- The committee feels it is a benefit to meet monthly. The committee believes it is important to stay on top of the work happening and is able to relay that information to the community. The committee is made of up of a team of experts in the construction field.
- The committee would like for the superintendent and BoE to tell them what want the need/want.

Thoughts and discussion around the By-Laws will continue. The district and committee will revisit the topic in the summer.

**Planning/Property Management Update – Presenter: Bruce Huxley**

- The planning phase for ROFTS round 2 has begun. Planning and property is working with the purchasing department, movers and principals to continue coordination around moves.
- Temp removal at the closed schools are being removed in February and March.
  - Summer 2024, eighteen temp buildings have been identified for removal.
- The planning and property team is continuing to do condition assessments.
  - Summary of Finding will be published in spring.
- Working with preschool and programs leaders to identify a new program and where best to place them throughout the district.

**Communications Update – Presenter: Tim Reed**

- Communications recently shared the “Look Back” on construction projects for 2023 and what’s in store for 2024.
- An interactive map has been created on the [JeffcoBuilds](#) website. All schools populate sharing their profile.
- The communications department has been supporting schools and sending communications out to families/neighbors regarding the new athletic lighting.

**Construction Management Update: Status Reports, Schedule Updates – Presenter: Berry Jones**
