Subject: Monthly Policy Recommendations  
Review period: January 15, 2022 - February 15, 2023

The Office of Legal Services, in partnership with the Office of Superintendent and applicable department leads, is reviewing the Jeffco District Policy Manual and updating the content. We will be publishing proposed revisions to the manual on the District’s website and seeking input from community and District stakeholders. Below are the current recommended changes.

These changes will be public for 30 days, during which time we are welcoming feedback from stakeholders. If you have any input about the proposed changes, please send an email to: legal@jeffco.k12.co.us

The recommended changes will become final on February 15, 2022, and the District Policy Manual will be updated accordingly.

1. Revisions to the D-Series District Policies (and recommendations to the Board for updates to the EL-Series Board Policies): the D-Series relate to Fiscal Management. A number of these policies are outdated due to changes in the law, changes in District practice and/or the District's adoption of the Policy Governance model. Therefore, we are recommending that certain of these policies be revised and/or repealed. In addition, we are recommending that Board Policy EL-17 be updated in accordance with current district practices, federal and state law or programs. A more detailed description of the recommended changes is below.

Policies to be Revised:

EL-17 - Asset Protection: We are recommending the Board revise this policy to include updated content in D-series. This revised policy will go to the Board for review and approval.
**DJ/DJA** - Purchasing/Purchasing Authority: We are recommending this policy be revised to delete duplicative content and to expressly state that construction contracts are covered by this policy.

**DJB** - Federal Procurement: school districts are legally required to have a policy addressing the District’s federal procurement practices. We are recommending that the District adopt the CASB model policy and regulation which contains the most current legal requirements for federal procurement.

**DJB-R** - Federal Procurement: school districts are legally required to have a policy addressing the District’s federal procurement practices. We are recommending that the District adopt the CASB model policy and regulation which contains the most current legal requirements for federal procurement.

**DJE-R** - Bidding Procedures for Capital Construction Projects: We are recommending that this new regulation be adopted as it contains more detail regarding the competitive bidding procedures for capital construction projects.

**DN** - School Properties Disposition: we are recommending that this policy be revised to align with current state law and District procedure.

**Policies to be Repealed:**

**FEB** - Architect/Engineer/Construction Manager: We are recommending that this policy be repealed as the procedures for choosing a design team will now be housed in policy DJE and regulation DJE-R.

**FEB-R** - Architect/Engineer/Construction Manager: We are recommending that this regulation be repealed as the procedures for choosing a design team will now be housed in policy DJE and regulation DJE-R.

2. Revisions to the G-Series District Policies: the G-series Policies relate to personnel. We are recommending that certain policies be updated in accordance with current district practices, federal and state law or programs. In addition, JeffCo is creating an employment manual that will contain much of the content previously housed in certain policies that are not legally required; therefore we recommend a number of policies be repealed. A more detailed description of the recommended changes is below.

Policies and Regulations to be Revised:

**GBA** - Equal Employment Opportunity: we are recommending that this policy be revised to include the updated list of protected classes and updated legal references.

**GBEA** - Staff Conflicts of Interest: we are recommending that this policy be revised to reflect current practice and to delete information that will now be included in an employment handbook.

**GBEB-R** - Staff Conduct: we are recommending that the District adopt the CASB model regulation in order to clarify the District requirement to maintain professional boundaries with students.

**GBEC** - Drug Free Workplace: We are recommending that this policy be revised to clarify that the possession, use, etc of marijuana is still prohibited on school district property. The recommended revisions are consistent with the CASB model policy on this subject.
