Congratulations DI Team!
The 4th grade Marshdale Destination Imaginaton Collaborative Kingdom team (Dalyana Bartel, Dante Battani, Maya Baer, Tucker Prevatt) placed 1st at the Colorado State Tournament. They did an amazing job designing a device that moved a soccer ball through 3 different modules, interacting with the ball and even raised the ball to over 11 feet off the ground. They will be heading to Kansas City on May 22nd, to compete in the Global Finals Tournament, which will host 8,000 students from across the world. We celebrate this team’s accomplishments and hard work. Good luck at the Global Finals!
