CHE Celebrations!!!

Field Day!
AIMING FOR SUCCESS, BELIEVING... TOGETHER WE CAN!

Through our shared values, the students, parents, staff and community members of Columbine Hills will collaboratively ensure an environment where everyone succeeds academically, socially, and emotionally to cultivate independent thinkers and problem solvers in a diverse and ever-changing world.

**GROWTH MINDSET**
We give and receive feedback with an open mind, engage in active listening, and persevere in the face of challenge.

**SHARED LEADERSHIP**
We share responsibility by utilizing the strengths and expertise of all community members to be intentional and solution-focused for continuous improvement.

**COMMUNICATION**
We communicate in a timely and consistent manner with honesty and positive intent.

**STUDENT CENTERED**
We build relationships with students by utilizing multiple academic, social, and emotional strategies through an encouraging environment with positive reinforcement.

**COLLABORATION**
We actively and respectfully share and use our knowledge and research-based practices to meet the needs of the CHE community.

**POSITIVITY**
We promote positivity by seeking to understand other perspectives, showing appreciation, expressing forgiveness, and having fun.
2022-2023 SAC Goals

1. Leverage group for feedback to provide input and recommendations to school leadership.
2. Increase participation among school families - through quick surveys as well as monthly meetings.
Parent teacher conferences will be held on October 17th & 18th. During this time, teachers will be sharing fall assessment data, the progress your child is making with their academic learning as well as classroom behavior and social emotional skills. Are there any other topics that you are hoping to know more about during your child's conference?
Columbine Hills believes that homework supports and reinforces classroom learning and builds a strong family-school partnership by communicating classroom strategies and skills. Homework provides the opportunity for students to practice skills at their level, apply learning and build confidence in their skills from the classroom. We ask that families support their child by establishing a homework routine with a quiet working space. We also ask families to help support student success by completing and returning the homework or special projects assigned by their teacher creating a positive learning experience and partnership for all.
